

# Kitten Wellness Plan

Congratulations on the new addition to your family! We at the Animal Hospital of Lynnfield feel privileged to be able to provide you with the best medical care for your new kitten to ensure it a long, healthy and happy life. Here is our general idea of a preventative healthcare plan for your kitten. Each kitten is different and has different risks of exposure to contagious diseases, so our plan may vary for your kitten. Your veterinarian will make any specific recommendations needed to provide the best healthcare for your new kitten.

## Up to 8 Weeks of Age

- Comprehensive Physical Exam
- Feline Viral Rhinotracheitis, Calicivirus, and Panleukopenia (FVRCP) Vaccine
- Fecal Test for intestinal parasites
- Strategic Deworming
